

# Microfluidic electrochemical sensor array for characterizing protein interactions with various functionalized surfaces.

Title	Microfluidic electrochemical sensor array for characterizing protein
Publication Type	Journal Article
Year of Publication	2011
Authors	Dykstra, PH, Roy, V, Byrd, C, Bentley, WE, Ghodssi, R
Journal	Anal Chem
Volume	83
Issue	15
Pagination	5920-7
Date Published	2011 Aug 1
ISSN	1520-6882
Keywords	Animals, Biosensing Techniques, Cattle, Cyclic AMP Receptor Protei
Abstract	We present a unique microfluidic platform to allow for quick and se
