

Protein assembly onto patterned microfabricated devices through enzymatic activation of fusion pro-tag.

Title	Protein assembly onto patterned microfabricated devices through e
Publication Type	Journal Article
Year of Publication	2008
Authors	Lewandowski, AT, Yi, H, Luo, X, Payne, GF, Ghodssi, R, Rubloff, GW,
Journal	Biotechnol Bioeng
Volume	99
Issue	3
Pagination	499-507
Date Published	2008 Feb 15
ISSN	1097-0290
Keywords	Binding Sites, Biosensing Techniques, Electrochemistry, Enzyme Ac
Abstract	We report a versatile approach for covalent surface-assembly of pro
DOI	10.1002/bit.21580
Alternate Journal	Biotechnol. Bioeng.
