

# A fabrication platform for electrically mediated optically active biofunctionalized sites in BioMEMS.

Title	A fabrication platform for electrically mediated optically active biofu
Publication Type	Journal Article
Year of Publication	2005
Authors	Powers, MA, Koev, ST, Schleunitz, A, Yi, H, Hodzic, V, Bentley, WE, P
Journal	Lab Chip
Volume	5
Issue	6
Pagination	583-6
Date Published	2005 Jun
ISSN	1473-0197
Keywords	Biomimetics, Biosensing Techniques, Equipment Design, Microfluidi
Abstract	We report a new approach for microfluidic optical bioanalysis that is
