

Quorum Sensing Desynchronization Leads to Bimodality and Patterned Behaviors.

Title	Quorum Sensing Desynchronization Leads to Bimodality and Patterned Behaviors
Publication Type	Journal Article
Year of Publication	2016
Authors	Quan, DN, Tsao, C-Y, Wu, H-C, Bentley, WE
Journal	PLoS Comput Biol
Volume	12
Issue	4
Pagination	e1004781
Date Published	2016 Apr
ISSN	1553-7358
Abstract	Quorum Sensing (QS) drives coordinated phenotypic outcomes and
DOI	10.1371/journal.pcbi.1004781
Alternate Journal	PLoS Comput. Biol.
PubMed ID	27071007
