

# Maximizing accuracy of RNA structure in refinement against residual dipolar couplings.

Title	Maximizing accuracy of RNA structure in refinement against residual dipolar couplings
Publication Type	Journal Article
Year of Publication	2019
Authors	Bergonzo, C, Grishaev, A
Journal	J Biomol NMR
Date Published	2019 May 02
ISSN	1573-5001
Abstract	Structural information about ribonucleic acid (RNA) is lagging behind
DOI	10.1007/s10858-019-00236-6
Alternate Journal	J. Biomol. NMR
PubMed ID	31049778
Grant List	intramural research funding / / National Institute of Standards and Technology
