

# Geometrical characterization of T cell receptor binding modes reveals class-specific binding to maximize access to antigen.

Title	Geometrical characterization of T cell receptor binding modes reveals
Publication Type	Journal Article
Year of Publication	2019
Authors	Singh, NK, Abualrous, ET, Ayres, CM, Noé, F, Gowthaman, R, Pierce,
Journal	Proteins
Date Published	2019 Oct 07
ISSN	1097-0134
Abstract	Recognition of antigenic peptides bound to major histocompatibility
DOI	10.1002/prot.25829
Alternate Journal	Proteins
PubMed ID	31589793
