Matching whole genomes to rare genetic disorders: Identification of potential causative variants using phenotype-weighted knowledge in the CAGI SickKids5 clinical genomes challenge.

Title	Matching whole genomes to rare genetic disorders: Identification of
Publication Type	Journal Article
Year of Publication	2019
Authors	Pal, LR, Kundu, K, Yin, Y, Moul, J
Journal	Hum Mutat
Date Published	2019 Nov 03
ISSN	1098-1004
Abstract	Precise identification of causative variants from whole-genome seq
DOI	10.1002/humu.23933
Alternate Journal	Hum. Mutat.
PubMed ID	31680375
